Code Revision Update: Ian Foster, Planning Director gave a quick update on the progress our CAC is making as we work through setbacks, and landscaping requirements. Zoom makes it difficult at times, but it's a great group of hard workers. We will be planning a walking tour soon with the CAC so we can get a better idea of the issues we face by going out and seeing them firsthand. The group is working through lot coverage, fence heights, and looking at possibly changing some of the requirements for front yard heights. We are working through incremental setbacks and the methodology behind measuring. Ian invited the CCI to join a CAC meeting anytime. Staff is planning to go live in the end of March with a new website that will help the community to stay engaged <http://jacksonvillecodeupdate.com>

Tom Pratum mentioned that even though the CAC is a member down, they're getting a lot done. Even though we can't meet in public, zoom is a great tool to help us move forward. We are looking to fill that space, so please help with reaching out. The Chair of the CAC has been filled, thank you Bev Smith!

Ian Foster invited Jo to schedule a time in the office so that he could bring her up to speed.

With the Governors orders we will make sure that everything is available to the public via zoom and obey all public meeting laws. We plan to have a Town Hall soon too, possibly via Zoom.

Tom Pratum would like the group to work through any comments that are left on our new website.

Councilor Liaison Andrea Thompson gave a quick City Council update, they will be meeting twice a month. The first meeting will be an official meeting, and the second will be a study session to allow Council to work on priorities for Jacksonville like implementing an emergency plan for keeping the City safe. She also encouraged the group to join a City Council meeting anytime.

Other Business/Agenda Items for Next Meeting: Please email Ian Foster the Planning Director with any questions or items you would like to see on the next CCI agenda.
