Staff Present: Planning Director Foster, and Planning Technician Oliver

Introductions and Review of Agenda

Minutes: July 19, 2022 minutes

Stand as Submitted

Public Comment: None

Article 3: Loading Areas, Utilities, and Signs

Ian circled back on our Landscape Standards and we discussed the following:

- Tree removal pursuant to zoning clearance sheet approval-size and species
- Laurie and Bev will come up with a list of trees for the group to start their work
- Plan and approval standards required for permits; we need to come up with criteria
- 3.5.050 Loading Areas – Size should be included in the proposed code
- Possibly pull the Standards from the TSP and call them the Street Standards/ PW Standards since they're missing
- Transportation Requirements, we need to add pedestrian and bicycle traffic to this language
- Transportation Connectivity and future street plans
- Fire Code Standards
- Traffic calming
- Sidewalks
- Street names

We will continue our discussion on heritage trees, size, and species

Adjourn: 4:00 pm

Beverly Smith, Chair of the CAC

Diane Oliver, Building/Planning Technician

Date of Approval: Aug. 16, 2022
